B.Voc. Animation & Film-Making Department

Content with Focus on Employability, Entrepreneurship, Skill Development (2018-19 to 2023-24)

Sr.	Name of the Course	Course Code	Year of Introduction	Content with focus on Employability	Content with focus on Entrepreneurship	Content with focus on skill development
			B.Voc Animation & Film-Making Newly Introduced between 2018-19 and 2023-24			
1	Foundation of Art -I	DSC24AFM11	2018-19	Developing foundational artistic skills sought after in the animation industry.	Fostering creativity for potential entrepreneurial ventures.	Enhancing fundamental artistic skills applicable in various animation roles.
2	Digital Composition - I	MIN24AFM11	2020-21	Acquiring skills in digital composition for employment in animation studios.	Exploring digital composition for potential freelance opportunities.	Developing proficiency in digital composition tools and techniques.
3	Basic Computer Knowledge-I	OEC24AFM11	2023-24	Building foundational skills in programming and problem-solving for entry-level roles.	Encouraging creative thinking and application of programming skills for potential startup ideas.	Developing proficiency in coding and algorithmic thinking.
4	English For Business Communication-I	AEC24ENG11	2018-19	Enhancing communication skills for professional interactions and job interviews.	Developing effective communication for potential business ventures.	Improving language skills crucial for working in a global industry.

#	Course	Code	Year			
5	History of Animation (Online)	IKS24AFM11	2018-19	Gaining historical knowledge relevant for industry discussions and interviews.	Understanding the evolution of animation for informed business decisions.	Enhancing analytical skills through the study of animation history.
6	Foundation of Art -II	DSC24AFM21	2018-19	Building on foundational art skills for employment in diverse animation roles.	Leveraging advanced artistic skills for entrepreneurial endeavours.	Advancing artistic skills applicable in various animation projects.
7	Digital Composition - II	MIN24AFM21	2020-21	Advancing digital composition skills for employment in animation studios.	Applying digital composition creatively for potential business opportunities.	Mastering advanced digital composition tools and techniques.
8	Basic Computer Knowledge-II	OEC24AFM21	2023-24	Understanding operating systems for roles related to system administration and support.	Exploring operating system customization for specialized solutions.	Proficiency in managing and troubleshooting operating systems.
9	English For Business Communication-II	AEC24ENG21	2018-19	Refining advanced communication skills for professional success.	Crafting effective communication strategies for entrepreneurial pursuits.	Strengthening language skills for varied business contexts.
10	Color Theory	SEC24AFM21	2018-19	Understanding the role of color in various industries, such as graphic design, marketing, and fashion. Developing skills to effectively use color in design projects.	Exploring how an understanding of color can be leveraged for entrepreneurial ventures, such as starting a design consultancy or a boutique design studio.	Mastering the basics of color theory, including color wheels, harmony, and contrast. Developing an eye for color nuances.

#						
11	Character Design & Props	DSC24AFM31	2019-20	Creating characters and props in line with industry demands.	Developing unique character designs for potential business ventures.	Mastering character design skills for diverse animation projects
12	Script Writing & Story Boarding	DSC24AFM32	2019-20	Crafting compelling scripts and storyboards for industry relevance.	Developing storytelling skills for potential entrepreneurial animation projects.	Enhancing narrative and storyboard creation abilities.
13	E-Learning & social media	MIN24AFM31	2019-20	Acquiring skills in e-learning and social media for industry positions.	Exploring e-learning and social media for potential business ventures.	Mastering digital communication and online educational tools.
14	English For Business Communication-III	AEC24ENG31	2023-24	Refining advanced communication skills for professional success.	Crafting effective communication strategies for entrepreneurial pursuits.	Strengthening language skills for varied business contexts.
15	3D Modelling	DSC24AFM41	2018-19	Creating 3D models and textures meeting industry expectations.	Developing unique 3D models for potential business opportunities.	Mastering 3D modelling and texturing tools and techniques.
16	3D Lighting	DSC24AFM42	2018-19	Implementing lighting techniques for industry-relevant roles.	Applying unique lighting styles for potential entrepreneurial ventures.	Mastering advanced 3D lighting techniques.
17	2D Animation - I	MIN24AFM41	2023-24	Creating 2D animations meeting industry standards.	Showcasing 2D animation skills for potential freelance opportunities.	Mastering 2D animation tools and techniques.
18	English For Business Communication-IV	AEC24AFM41	2023-24	Refining advanced communication skills for professional success.	Crafting effective communication strategies for entrepreneurial pursuits.	Strengthening language skills for varied business contexts.
19	3D Dynamics	DSC24AFM51	2021-22	Using 3D dynamics techniques for relevant job roles	Applying dynamic simulations creatively for	Mastering 3D dynamics tools and techniques.

				potential entrepreneurial ventures.	
20	3D Rigging	DSC24AFM52	2018-19	Applying advanced 3D rigging techniques for industry relevance.	Creating unique rigging solutions for potential business opportunities.	Mastering advanced 3D rigging tools and techniques.
21	Advanced VFX-I	DSC24AFM51	2023-24	Integrating advanced VFX techniques for industry positions.	Applying advanced VFX creatively for potential business ventures.	Mastering advanced VFX tools and techniques.
22	2D Animation - II	MIN24AFM51	2023-24	Creating 2D animations meeting industry standards.	Showcasing 2D animation skills for potential freelance opportunities.	Mastering 2D animation tools and techniques.
23	Compositing	DSC24AFM61	2023-24	Integrating advanced compositing techniques for industry positions.	Applying advanced compositing creatively for potential business ventures.	Mastering advanced compositing tools and techniques.
24	3D Animation	DSC24AFM62	2018-19	Producing 3D animations aligning with industry expectations.	Showcasing 3D animation skills for potential entrepreneurial ventures.	Mastering 3D animation tools and techniques.
25	2D Animation - III	MIN24AFM61	2023-24	Creating 2D animations meeting industry standards.	Showcasing 2D animation skills for potential freelance opportunities.	Mastering 2D animation tools and techniques.
26	Advanced VFX-II	DSE24AFM61	2023-24	Integrating advanced VFX techniques for industry positions.	Applying advanced VFX creatively for potential business ventures.	Mastering advanced VFX tools and techniques.
