

Perspective Plan For academic year 2023-2028

<p>Foundation Building and Curriculum Development</p>	<p>Film and Animation Curriculum Review and Enhancement</p> <ul style="list-style-type: none"> • Evaluate the existing syllabus and align it with industry standards, incorporating Academic Autonomy and adhering to the NEP 2020 policy. • Integrate cutting-edge technologies such as Virtual Reality (VR), Augmented Reality (AR), and 3D animation into the curriculum. • Develop interdisciplinary subjects, combining film and animation with related fields like graphic design, storytelling, and sound engineering. <p>Faculty Development for Film and Animation</p> <ul style="list-style-type: none"> • Conduct comprehensive training programs for faculty to keep them abreast of the latest advancements in film production, animation techniques, and emerging technologies. • Promote research participation by providing seed funding for projects and encouraging publication in renowned journals. • Foster research in futuristic areas, encouraging both faculty and students to explore innovative aspects of film and animation. <p>Infrastructure Development for Film and Animation</p> <ul style="list-style-type: none"> • Ensure that labs are equipped with state-of-the-art tools and software for film editing, animation creation, and special effects. • Create collaborative spaces for students to engage in hands-on projects, fostering a creative and dynamic learning environment. • Establish connections with industry professionals to facilitate internships and real-world experiences for students.
<p>Student Engagement and Enrichment</p>	<p>Industry Collaborations and Guest Lectures:</p> <ul style="list-style-type: none"> • Foster partnerships with animation studios and filmmaking companies to provide students with real-world insights and opportunities. • Organize regular guest lectures by industry professionals, offering students a chance to learn from experienced practitioners. <p>Workshops and Master classes:</p> <ul style="list-style-type: none"> • Conduct hands-on workshops on animation software, film editing tools, and storytelling techniques. • Arrange master classes with renowned animators and filmmakers to inspire and guide students in honing their craft. <p>Film Festivals and Competitions:</p> <p>Encourage student participation in film festivals and animation competitions, showcasing their work to a broader audience.</p>

	<p>Provide support for students to submit their projects to national and international competitions.</p> <p>Internship Programs:</p> <ul style="list-style-type: none"> • Facilitate internships with animation studios, production houses, and film companies to give students practical experience. • Establish a network of industry connections to enhance internship opportunities for students. <p>Student Clubs and Organizations:</p> <ul style="list-style-type: none"> • Establish animation and filmmaking clubs where students can collaborate on projects, share ideas, and organize events. • Encourage student-led initiatives such as film screenings, panel discussions, and collaborative projects. <p>Field Trips and Studio Visits:</p> <ul style="list-style-type: none"> • Arrange visits to animation studios, film production sets, and post-production facilities to give students a first-hand understanding of industry workflows. • Organize field trips to film festivals or industry events, exposing students to the broader creative community. • By implementing these engagement and enrichment strategies, the Animation and Filmmaking department can provide students with a well-rounded educational experience, preparing them for successful careers in the dynamic and competitive fields of animation and filmmaking.
<p>Quality Improvement and Exam Assessment</p>	<ul style="list-style-type: none"> • Implement regular assessments and examinations to ensure the quality of education and skill development among students. Encourage faculty and students to actively engage in research projects, fostering a culture of continuous improvement and innovation. • Promote the publication of research findings in reputable journals, contributing to the academic and professional discourse in animation and filmmaking. <p>Facilitate faculty participation in national and international conferences and seminars, providing opportunities for knowledge exchange and staying updated on industry trends.</p>
<p>Accreditation Preparation</p>	<ul style="list-style-type: none"> • Align academic and administrative processes with anticipated future accreditation requirements, ensuring that the curriculum and infrastructure meet or exceed industry and accreditation standards. <p>Comprehensive Documentation:</p> <ul style="list-style-type: none"> • Systematically document all academic and non-academic activities, creating a comprehensive record for the accreditation process.

	<ul style="list-style-type: none"> • By strategically aligning processes, maintaining meticulous documentation, auditing infrastructure and ensuring compliance with NAAC norms, the Department of Animation and Filmmaking can strengthen its position for successful certification, reaffirming its commitment to imparting high-quality education as per industry and accreditation standards.
<p>Community Engagement and Outreach</p>	<ul style="list-style-type: none"> • Forge partnerships with local animation studios, filmmaking companies, and VFX houses to offer skill-building workshops for aspiring artists and filmmakers in the community. • Empower students to initiate and lead outreach projects that leverage animation, filmmaking, and VFX to address local issues or celebrate community achievements. • Offer mentorship programs where animation and filmmaking students can guide and inspire younger individuals in the community who have an interest in these fields. • Facilitate Q&A sessions, panel discussions, and networking opportunities, allowing community members to connect with industry professionals and aspiring artists. • Conduct behind-the-scenes tours specifically focusing on VFX studios, offering insights into the technology and innovation behind visual effects in film production.
