7.Brief Description :

The Department of BCA conducted a Hands-on Training Workshop for BCA students on 22nd January, 2026 at Classroom 407. The workshop was organized to enhance students' practical knowledge of computer applications and programming tools used in the IT industry. The session was

conducted by [Archana Nigade, CEO of Orange Comany], who introduced students to modern development tools and industry practices. The workshop began with a short introduction explaining the importance of practical skills in the field of Information Technology. After the introduction, students actively participated in hands-on sessions where they practiced programming concepts and worked with relevant software tools. Key activities included:

Programming Practice Session – Students implemented basic programming concepts and solved practical problems.

Software Development Tools Demonstration – Students learned about modern tools and technologies used in application development.

Interactive Problem-Solving Activities – Students worked in groups to apply their theoretical knowledge to real-world computing tasks.

8.Outcomes: The Hands-on Training Workshop was highly beneficial for all participants. It successfully enhanced the practical understanding of students and helped them connect theoretical concepts with real-world IT applications. The workshop improved students’ programming skills, problem-solving abilities, and confidence in using modern software tools. Overall, the session motivated students to develop industry-relevant skills and prepared them for future professional challenges.
