

NOTICE

Date: 28/01/2026

This is to inform all concerned that the **B.Sc. III Biotechnology students** will be on an **educational visit to Goa on 29th and 30th January** as per the academic plan.

Due to this study tour, the students **will not be available for regular Theory and Practical sessions** of minor on the above-mentioned dates.

Kindly take note of the same and make necessary adjustments.

Criteria I- Activities Report

1. **Name of Department:-** Biotechnology-Optional
2. **Name of Organized Activity:-** Event of " Study Tour at ICAR , Goa. "
3. **Date/ Duration:-** 29/01/2026 To 30/01/2026
4. **Aims and Objectives:-**
 - 1.To understand the role and functions of the Indian Council of Agricultural Research in agricultural development and research.
 - 2.To observe modern laboratory instruments and experimental techniques used in agricultural and biological research.
 - 3.To learn about innovative farming practices, crop improvement programs, and sustainable agriculture.
 - 4.To study research activities related to soil science, plant protection, and crop production.
 - 5.To gain knowledge about fisheries, aquaculture, and marine biodiversity research.
 - 6.To understand biotechnology applications in agriculture and plant breeding.
 - 7.To interact with scientists and researchers to understand current challenges in agriculture and food production.
 - 8.To observe demonstration units, experimental farms, and research facilities.
 - 9.To connect theoretical classroom knowledge with practical field applications.
 - 10.To encourage scientific thinking and interest in agricultural research among students.

4. **No. of beneficiaries:** - 22 students and 04 faculties
5. **Expenditure & funding agency:-** students and teachers contribution
6. **Brief description:-**

A study tour was organized to the Indian Council of Agricultural Research Centre in Goa to provide students with practical exposure to modern agricultural and biological research. During the visit, students observed various laboratories, research facilities, and demonstration units where scientists conduct experiments related to agriculture, fisheries, soil science, plant protection, and biotechnology.

The researchers explained different techniques used in crop improvement, sustainable farming practices, and aquaculture development. Students also learned about modern instruments used for research and the role of scientific innovations in improving food production and environmental sustainability. The visit provided an opportunity to interact with scientists and understand how research contributes to solving agricultural challenges.

7. **Outcomes: -**

1. Students gained practical knowledge about agricultural and fisheries research activities.
2. They understood the role of Indian Council of Agricultural Research in improving agricultural productivity.
3. Students observed modern laboratory equipment and research methodologies.
4. The tour helped students connect theoretical knowledge with real-world scientific applications.
5. Students developed awareness about sustainable agriculture and environmental conservation.
6. Interaction with scientists increased interest in research and higher studies in agricultural sciences.
7. The visit enhanced students' understanding of biotechnology and modern farming techniques.
