One Page Report on World Wetlands Day

World Wetland Day (WWD) is celebrated every year on 2nd February to commemorate the signing of the International Treaty, 'Ramsar Convention on Wetlands - 1971' for the conservation of wetlands at the global level. India is also a party to the Convention since 1982, and has so far identified 26 wetlands as Ramsar sites across the country covering 15 states. The theme of World Wetlands Day 2019 is “Wetlands and Climate Change”. Celebration of World Wetlands Day aims at creating awareness of the vital role of wetlands for people and planets. These wetlands are the parts of the earth where the soil is covered with water, they support both terrestrial and aquatic species. It serves as an important water reservoir for various migratory birds species and homes of many creatures.

To celebrate the WWD, students of B.Sc. I, II & III given seminars on various aspects of wetlands. Total 10 participants thus participated in this event. The Programme (Programme was started with an introductory talk by Mr. S.P. Salokhe Head, Department of Botany which emphasize topic such as why to celebrate WWD, types of wetlands, importance and Conservation strategies of wetlands. Vote of thanks given by Dr. Jyoti Gorule and anchoring was done by Miss. Roshani Barboza
