To,
The Principal,
Vivekanand College, Kolhapur (Empowered Autonomous)

Subject: Permission to conduct an online quiz competition on the 'International Day for the Preservation of Ozone layer 16th September 2024.

Respected Sir,

In honor of the "International Day for the Preservation of Ozone layer," the Department of Botany will hold an online quiz competition on September 16, 2024. We kindly request your permission to make the necessary arrangements.

Thanking you.....

International Day for the Preservation of the Ozone Layer

B I U ↻ ✕

**Department of Botany, Vivekanand College, Kolhapur
(Empowered Autonomous).**

Celebrating World Ozone Day on September 16, 2024, is crucial as it raises global awareness about the importance of the ozone layer and the need to protect it. This year's theme, "Ozone for Life: 35 Years of Global Cooperation," highlights the collective efforts and successes achieved through the Montreal Protocol in reducing ozone-depleting substances. The ozone layer acts as a shield, protecting life on Earth from harmful ultraviolet (UV) radiation, which can cause skin cancer, cataracts, and damage to ecosystems. By commemorating this day, we emphasize the ongoing need for international cooperation and sustainable practices to ensure the continued recovery and preservation of this vital component of our atmosphere

Quality Initiatives/ Activities Report

1. Name of Department: Botany

2. Name of Organized Activity: “International Day for the Preservation of the Ozone Layer”

3. Date/ Duration: 16/09/2024

4. Aims and Objectives:

Aims :

1. To reduce the incidence of skin cancers, cataracts, and other health issues caused by increased UV radiation.
2. To safeguard Ecosystems by preventing damage to terrestrial and aquatic ecosystems, including marine life and plant species.
3. Mitigate Climate Change by reducing the impact of ozone-depleting substances, which are also potent greenhouse gases.

Objectives:

1. Reduce Ozone-Depleting Substances (ODS): Implement and enforce regulations to phase out the production and use of ODS, such as chlorofluorocarbons (CFCs) and halons.
2. Promote Alternatives: Encourage the development and adoption of safer, environmentally friendly alternatives to ODS.
3. Raise Awareness: Educate the public, industries, and policymakers about the importance of the ozone layer and the actions needed to protect it.
4. Monitor and Research: Support scientific research and monitoring to track the health of the ozone layer and the effectiveness of conservation efforts.
5. International Cooperation: Foster global collaboration through treaties like the Montreal Protocol to ensure a unified approach to ozone layer protection.

5. No. of beneficiaries: 47

6. Expenditure & funding agency:/collaborators: No

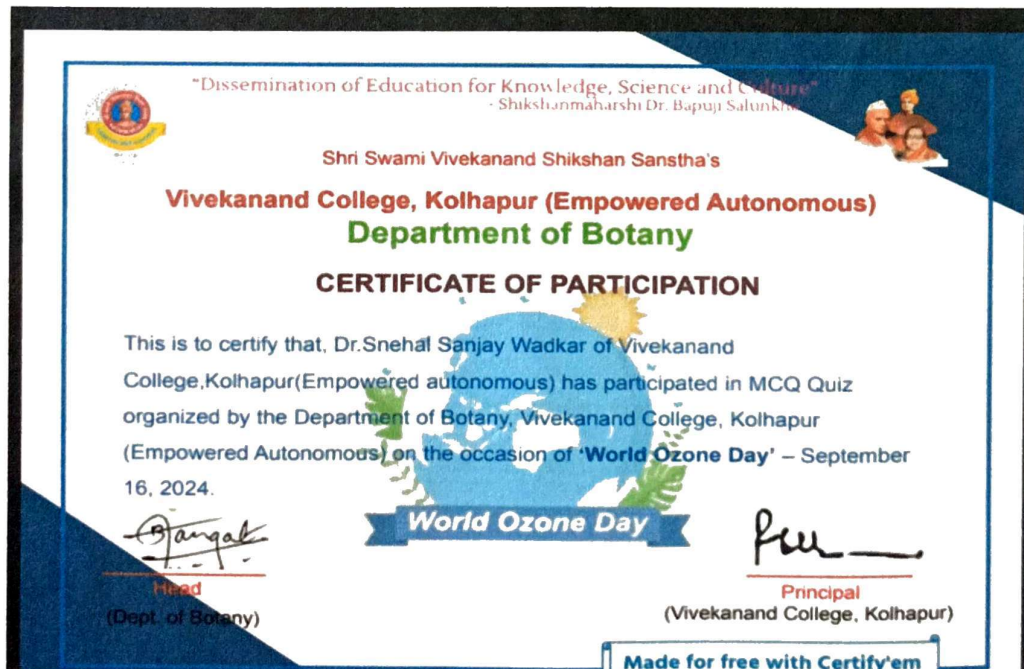

7. Brief description:

Celebrating World Ozone Day on September 16, 2024, is crucial as it raises global awareness about the importance of the ozone layer and the need to protect it. This year's theme, "Ozone for Life: 35 Years of Global Cooperation," highlights the collective efforts and successes achieved through the Montreal Protocol in reducing ozone-depleting substances. The ozone layer acts as a shield, protecting life on Earth from harmful ultraviolet (UV) radiation, which can cause skin cancer, cataracts, and damage to ecosystems. By commemorating this day, we emphasize the ongoing need for international cooperation and sustainable practices to ensure the continued recovery and preservation of this vital component of our atmosphere.

8. Outcomes: (whether the aim achieved):

1. It has promoted students for sustainable practices and raise awareness about the connection between environmental protection and human health.
2. Programme has been enhanced understanding among the general public about the importance of the ozone layer and the dangers of ozone depletion.
3. Promoted for reduction of carbon footprint by making eco-friendly choices in your daily life. This includes using energy efficient appliances and household essentials, reducing plastic usage, and supporting brands that priorities sustainability.
