	At Vivekanand College, Kolhapur, (An Empowered) Autonomous Institute) a mentoring session was conducted for the BSC-I students. For BSC-I students also to me during the academic year 2025-26. The students Mentoring Programme at Vivekanand College, Kolhapur is an important initiative for the academic & personal development of students. In this programme, I am assigned as a mentor for a group of BSC-IT six students. As a mentor, I will take regular follow-up of all six students and maintain a good connection with them & provide continuous support & guidance, especially for academic-related problems. Students freely discuss their difficulties in subjects, study methods, & exam preparation. Due to this mentoring system, students feel supported & become more focused on their academic progress. The mentor-mentee relationship creates a positive & friendly learning environment.

Mentor providing academic guidance to mentee students

Sr. No.	NAME OF CLASS OF THE STUDENT	ISSUES ADDRESSED	DATE	SIGNATURE OF THE STUDENT
		Mentoring has become a necessity to resolve problems relating to academics and other related issues faced by the students. Mentoring can build a healthy relationship between the students and teachers in building their discipline performance and also for positive growth of the students. From B.Sc I & II students were assigned to me for mentoring. Mentoring register is maintained to record mentor-mentee programme. During mentoring students academic performance in internal and external exam were discussed. Mentee's problem relating to information related to O.E IKS syllabus preparation of ABC id information related to departmental library, about practical examination study time table planning etc were taken up and suggestions were made accordingly. Students were encouraged to take part in different activities. Slow learners were identified and given special help in encouragement and motivation while advanced learners were encouraged to reach their full potential. Mentor is satisfied with the positive responses of the mentees and subsequent healthy outcome of the sessions.
