#### **ONE PAGE REPORT**

- 1. Name of the Department: Department of Chemistry
- **2. Name of the Activity:** Participation in One Day Workshop on Material Characterization Techniques and Data Analysis
- **3. Date and Duration:** Saturday, 28/09/2024, Duration 1 day

### 4. Aims and Objectives

**Aim:** The aim of the MoU is to establish a collaborative platform between institutions/organizations to enhance knowledge sharing, research capabilities, and skill development in the field of material characterization techniques and data analysis through joint academic and research activities.

- ➤ To strengthen academic and research collaboration in the area of material characterization.
- To organize joint workshops, seminars, and training programs for students, research scholars, and faculty.
- ➤ To promote exchange of expertise, facilities, and resources for effective learning and research.
- > To provide hands-on experience to participants on advanced instrumental techniques and data analysis methods.
- ➤ To enhance interdisciplinary research by bringing together experts from academia and industry.
- > To encourage joint research projects, publications, and consultancy in material science and related areas.
- ➤ To bridge the gap between theoretical knowledge and practical applications in characterization techniques.

#### 5. Brief Description:

Department of Chemistry, Vivekanand College, Kolhapur (Empowered Autonomous) signing a Memorandum of Understanding (MoU) with Rajashi Chhatrapati Shahu College, Kolhapur. Through this agreement, both the colleges agree to share expertise, knowledge, and resources for the benefit of students, research scholars, and faculty members. The collaboration will enable the organization of joint workshops, training sessions, and seminars that provide hands-on exposure to modern instrumental techniques. Additionally, the MoU emphasizes promoting joint research projects, publications, and consultancy activities in the field of material science and related disciplines.

As a part of the MoU, a **One Day Workshop on Material Characterization Techniques and Data Analysis** was organized by the Department of Chemistry, Rajarshi Chhatrapati Shahu College, Kolhapur on Saturday, 28/09/2024. For this workshop 5 students and One teacher is participated from the Department of chemistry, Vivekanand College, Kolhapur.

The workshop aimed to provide students, research scholars, and faculty members with a comprehensive understanding of advanced instrumental methods used in material characterization along with effective approaches for scientific data analysis.

Each session was supplemented with discussions on case studies and practical aspects of data interpretation. The interactive nature of the sessions enabled participants to clarify doubts and enrich their practical knowledge.

Overall, the workshop proved to be highly informative and beneficial, equipping the participants with deeper insights into material characterization techniques and effective data analysis strategies. It also laid a strong foundation for future collaborations in research and capacity building.

### 6. Outcome:

- Strengthened Academic Collaboration The MoU created a formal platform for cooperation between the institutions in the field of material science and data analysis.
- Joint Programs-Both institutions agreed to organize workshops, seminars, and training programs on advanced material characterization techniques.
- Resource and Expertise Sharing The MoU enabled mutual sharing of laboratory facilities, instruments, and technical expertise for the benefit of students and researchers.
- Research Opportunities It paved the way for joint research projects, collaborative

publications, and consultancy activities in material science and allied areas.

- Skill Development Students and research scholars gained opportunities for handson training and exposure to modern characterization methods.
- Capacity Building-Enhanced competencies of faculty and researchers through exchange of knowledge and best practices.
- Long-term Association The MoU laid the foundation for sustained academic and research partnerships beyond the workshop.

Subject: - About the participation in a Lead College Workshop

Reference: - NCK/1347/2024-2025 Dated 06 September, 2024.

Respected Sir,

We have a great pleasure that the Department of Chemistry is organizing a one day workshop on Material Characterization Techniques and Data Analysis under lead college scheme of Shivaji University, Kolhapur and The New College (Cluster), Kolhapur as a lead College on Saturday, 28/09/2024 during 10.00 a.m. to 4.00 p.m.

Kindly depute One Faculty and Five Students for the above mentioned workshop.
