|         | <p>During the Mentor-Mentee process has aimed at fostering holistic development, addressing academic challenges &amp; enhancing essential skills for successful career. Through the mentoring process, I focused on enhancing the academic &amp; personal development of the mentee by establishing study plans, providing exam resources &amp; guidance regarding preparation of competitive exams. Discussions on Chemistry careers, concentration related issues, issues related to communication improvement. Assistance in time management &amp; research guidance were also provided. Overall this scheme provides a lot of benefits to the development of student.</p> |                      |      |                          |

| <u>Students Mentoring Report 2019-20</u>   |                             |                      |      |                          |
| <p>This year total 75 students allotted to me under mentor-mentee scheme of our college. Initially students told me about their problems on various subjects like competitive examinations, research project writing, career opportunities after B.Sc. and M.Sc., Reference book searching, online lecture attendance and uploading in GFE data, different fellowships etc. students are guided accordingly their queries. I am confident that the skills and insights gained during our time together will contribute significantly to their future endeavours.</p> |                             |                      |      |                          |
|  |                             |                      |      |                          |
|  |                             |                      |      |                          |
|  |                             |                      |      |                          |
|  |                             |                      |      |                          |
|  |                             |                      |      |                          |
|  |                             |                      |      |                          |
|  |                             |                      |      |                          |

|         |   | Report: 2019-2020    |      |                          |
|         | <p>The Mentorship programme has given a platform for students to discuss their difficulties, queries and other related issues. Some of the students told regarding queries related to syllabus, study material, question papers and important points. One of the student told about her health issue. We concerned this with our doctor (college health centre) and given her proper guidance. Students shown keen interest in carrier opportunities after graduation and how to do time management between college and other classes. Students were also interested to know various ICT tools used during teaching the syllabus.</p> <p>So overall it was a nice experience to mentoring them.</p> |                      |      |                          |
