	<p>In our college Mentor Mentee Scheme is followed which connected the students with teachers. Through this activity the problems and difficulties of the students can be understood and they can be guided accordingly. While working as a mentor 12 students from M.Sc I were guided by me. There were some difficulties of academic and psychological nature. They included issues like online video lectures, college identity and library card, online attendance problem, regarding uploading assignments and internal files, mental health, physical health etc. The students were guided accordingly. This activity helped to boost the moral of the students, improve their academic confidence.</p>
