**Subject:** About permission to celebrate National Science Day by conducting a competition on the theme Chemical Technology –Models and Posters .

Respected Sir,

Department of Chemistry wish to celebrate the **National Science Day** this year. On this occasion we want to conduct the model- poster competition on the theme of "Chemical Technology" for the students of B.Sc.-III and M.Sc.-I and M.Sc.-II year students. As the Union Minister of State -Science and Technology released the theme for this Day as "Indigenous Technologies for Viksit Bharat"-28 February 2024.

We request to give us permission for the same.

Yours faithfully

#### **Notice**

All the students of B.Sc.-III, M.Sc.- I and M.Sc.-II are hereby informed that we are going to celebrate the National Science day on 28 February 2024. Union Minister of State Science and Technology released the theme for this Day as "Indigenous Technologies for Viksit Bharat".

For the celebration of this day our department has decided to organize a competition on the subject – Chemical Technology (e.g. Batteries, Electric vehicles; Fuel Cells, Lithium ion batteries, Fiber batteries, Nano medicines, nanomaterial, drug designing technology in fertilizers etc.) You have to make the different models, posters, skeletons which can explore your ideas about that technology or inventions by scientists and their applications to the society. Please register your names, class with the name of invention (title) of the model till 15 February 2024 to the following faculties.

1. B.Sc.-III students- Shri S. C. Khilare
2. M.Sc.-I – Dr. A.A. Patravale
3. M.Sc.-II – Dr. D. S. Gaikwad

### Quality Initiatives/ Activities Report

1. **Name of Department:** Chemistry
2. **Name of Organized Activity:** Poster Presentation Activity on the occasion of National Science Day ( 28 February 2024)
3. **Date :** 29 February 2024
4. **Duration:** 12.30- 3.30 pm.
5. **Objectives:**
  - To make awareness among the students of Arts, Commerce and Science about the reason, celebration and importance of National Science Day which is in the memory of Raman Effect discovered by eminent scientist Dr. C.V. Raman i. e. scattering of light in air and water. It explains why colour of sky and sea is blue or it explains why colour of sky is red at the time of sunset.
  - To promote and develop the necessary skills like drawing, painting and to enhance their imagination power.
  - To develop the practice of students to read and refer the research articles, reference books for making the concepts clear during the task.
  - Students will experience the importance of unity which will lead them to reach a target successfully.
6. **No. of beneficiaries:**
  - No. of participants = 78 students participated in making models and posters.
7. **Expenditure & funding agency:** Department of Chemistry,  
Vivekanand College, Kolhapur.
8. **Brief Description:** Department of Chemistry organized the Model and Poster presentation Competition based on **Chemical Technology** for the students of B. Sc. - III and M. Sc. - I and II chemistry students.

The Head (Department of Mathematics) Dr. S. P. Thorat sir inaugurated this event at 12.30 noon. They guided our students about the importance of Science in our human lives and encouraged them.

Dr. T. C. Patil (Department of Zoology) and Shri S. G. Kulkarni (Department of Biotechnology) are invited as examiners/judges for the competition.

The students of B. Sc.-I and B.Sc.-II as well as the faculty of other departments visited the event during 12.00 – 3.30 pm. The students got the knowledge about process and theoretical as well as practical concepts in making posters and models. The teachers and examiners also encouraged the participated students and congratulated them.

Students will experience the importance of team work and will learn how the team work achieves the expected target in a very good manner.

Total 78 students have participated in competition including B.Sc.-III and M.Sc.-I and II students. The posters included the concepts on Nanomedicine, Drug designing, Chemistry of invisible finger prints, Lithium Ion Battery, Preparation of Activated Carbon, Molecular Docking, Preparation of Slime, Crystal Alchemy....etc. 26 posters and models were displayed in the event. Students have done the task with a lot of joy, enthusiasm and curiosity. Number of students of other subjects, physics, zoology, botany, comp. science visited the event at department of chemistry.

The judges declared first, second and third numbered Winners and also consolation prizes to the students.

#### 9. Outcomes :

The students came to know the concepts and ideas in specific scientific method, how to explain and exaggerate them with the help of suitable diagrams and to draw them in proper manner and writing the phenomenons, reaction mechanisms as they themselves participated in that matter. Students will experience the importance of team work and will learn how the team work achieves the expected target in a very good manner.
