VIVEKANAND COLLEGE, KOLHAPUR
(AUTONOMOUS)
Department of Computer Science

### "Career Oriented Course (COC): Information and Computer Basics"

The "Information and Computer Basics" is a one-year Career Oriented Course offered by Department of Computer Science, Vivekanand College, Kolhapur (Empowered Autonomous). This course is designed to provide students with a strong foundation in the fundamentals and basics of computer science. The course includes hands-on lab sessions to ensure practical application of theoretical concepts. It is worth noting that the course is granted by the University Grants Commission (UGC) and this course is affiliated with Shivaji University, Kolhapur.

Objectives:

- **Foundational Knowledge:** The primary objective of the course is to impart foundational knowledge in the field of computer science, covering essential concepts and principles that serve as a basis for more advanced studies and applications.

- **Skill Development:** The course aims to develop practical skills in students by conducting hands-on classes in the lab. Participants gain proficiency in using computer systems and applications, enhancing their overall computer literacy.

- **Preparation for Advanced Studies:** "Information and Computer Basics" serves as a stepping stone for students interested in pursuing advanced studies in computer science. It lays the groundwork for more specialized courses and career paths.

- **Industry-Relevant Skills:** The course is designed to equip students with skills that are directly applicable in various industries, providing a practical understanding of computer systems commonly used in professional settings.

Course Components:

- **Computer Fundamentals:** The curriculum covers the basic components of computers, including hardware, software, and operating systems. Students learn about the architecture and functionality of computers.

- **Software Applications:** Participants gain hands-on experience with common software applications, including word processing, spreadsheets, and presentation tools. This practical knowledge enhances their ability to use computers for various tasks.

- **Internet and Communication:** The course includes modules on internet usage, email communication, and an introduction to online tools. This segment ensures that students are familiar with the essentials of online communication and information retrieval.

- **Lab Sessions:** Hands-on lab sessions are an integral part of the course, providing students with the opportunity to apply theoretical knowledge in a practical setting. These sessions enhance their technical skills and problem-solving abilities.
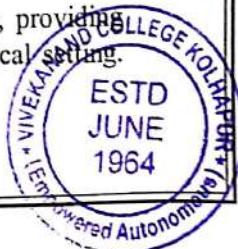

Student Benefits:

- **Enhanced Computer Literacy:** Graduates of the course possess a solid foundation in computer science, making them more computer literate and confident in using technology.

- **Versatility:** The skills acquired in "Information and Computer Basics" make graduates versatile in various professional settings, as they are proficient in fundamental computer applications and operations.

- **Preparation for Further Education:** The course prepares students for more advanced studies in computer science, creating a pathway for those who wish to pursue higher education in the field.

- **Industry Recognition:** The affiliation with Shivaji University, Kolhapur, and the UGC grant lend credibility to the course, making it recognized and respected in the industry and academic

Impact:

- **Career Opportunities:** Graduates are well-equipped to explore entry-level positions in diverse industries that require basic computer skills. This expands their employment opportunities.

- **Educational Excellence:** The course contributes to the overall educational excellence of the college, attracting students seeking a solid foundation in computer science.

- **Community Engagement:** By providing a career-oriented course, the college engages with the community by addressing the demand for individuals with basic Computer Course.
