8. **Brief description: -**

The Department of Computer Science organized an expert session on the theme "Building Your Career in Cloud Infrastructure" on 12th September 2025, in collaboration with Transcend Edutech, Pune. The session aimed to provide students with valuable insights into emerging career opportunities within the rapidly growing domain of cloud infrastructure. A total of 59 beneficiaries, comprising students from the department, actively participated in the activity.

The program focused on equipping learners with a foundational understanding of cloud platforms, services, and the management of infrastructure. Participants were introduced to the core concepts of cloud computing, virtualization, and Infrastructure-as-a-Service (IaaS). Special emphasis was given to widely used cloud platforms such as Amazon Web Services (AWS), Microsoft Azure, and Google Cloud, highlighting their importance in industry applications.

Alongside technical knowledge, the session provided career-oriented guidance by familiarizing students with skill development pathways, globally recognized certifications, and the latest industry trends driving cloud adoption. The resource persons from Transcend Edutech also discussed professional opportunities in the domain and advised students on how to strategically build a career in cloud computing.

9. **Outcomes: -**

- Students gained a clear understanding of the fundamentals of cloud infrastructure, including virtualization, IaaS, and cloud service models.
- Participants became familiar with leading cloud platforms such as AWS, Azure, and Google Cloud, along with their industry relevance.
- Learners received valuable career guidance on certifications, skill development, and professional pathways to pursue opportunities in the cloud domain.
