

"Dissemination of Education for Knowledge, Science and Culture"  
-Shikshanmaharshi Dr. Bapuji Salunkhe

**Vivekanand College, Kolhapur**  
(An Empowered Autonomous Institute)  
**Internal Quality Assurance Cell**  
**2025-26**

**Quality Initiatives/ Activities Report**

1. **Name of Department:** Electronics
2. **Name of Organized Activity:** "Electronics Project Exhibition"
3. **Date/ Duration:** Friday, 06<sup>th</sup> March 2026 at 11:00 a.m. onwards.
4. **Aims and Objectives:**
  1. *To encourage students to apply theoretical knowledge of electronics in practical projects.*
  2. *To provide a platform for students to showcase innovative ideas and technical skills.*
  3. *To promote creativity, teamwork, and problem-solving abilities among students.*
  4. *To increase awareness about the real-world applications of electronics and emerging technologies.*
5. **No. of beneficiaries:** Total 34 participants have been participated with 20 different types of Projects. Total visitors for this activity are 90 including students and faculties. Also 15 students from the UMED FOUNDATION visited to this event.
6. **Expenditure & funding agency:/collaborators:** Funding Amount is 2000/- (Two Thousand Rupees) provided by the Vivekanand College, Kolhapur.
7. **Brief description:** The Department of Electronics, in association with the Internal Quality Assurance Cell (IQAC), organized an "Electronics Project Exhibition" on Friday, 06<sup>th</sup> March 2026 at 11:00 a.m. onwards. The exhibition aimed to encourage students to demonstrate their creativity and technical knowledge by presenting innovative electronic projects.

Students from the Electronics Department actively participated in the exhibition. They presented a variety of working models such as automatic street light systems, smart home automation systems, Heart Rate Monitoring systems, Radar System, Smart Irrigation System, Web Controlled Power System, Smart Dustbin, Automatic Rain Detector, Automatic Door Lock-Unlock System and Auto Safety Rover etc. Each project was designed to address real-world problems using electronic components, sensors, and microcontrollers.

During the exhibition, students explained the objectives, design process, components used, and working principles of their projects to the visitors and faculty members. The event provided a valuable opportunity for students to improve their presentation skills and gain practical experience in electronics design and development.

The program was presided over by Dr. C. B. Patil, Honorable Incharge Principal of the college. They assured to students that the college will continue to support them in every way to continue such new projects. Dr. P. R. Bagade, Assistant

Professor, Electronics Department, delivered the introductory remarks about the importance of project-based learning.

IQAC Coordinator Dr. Shruti Joshi briefed the participating students about Artificial Intelligence (AI) in the present era and instilled the need for AI knowledge in the minds of the students. Speaking further, she congratulated the students on their projects. The faculty present evaluated the projects and appreciated the efforts and creativity shown by the students.

The exhibition concluded successfully with positive feedback from participants and visitors, highlighting the importance of practical learning and innovation in the field of electronics. Mr. G. B. Jirage proposed vote of thanks to all. Program was anchored by Dr. Poonam Jadhav.

#### 8. Outcomes:

1. *Students improved their practical and technical knowledge in electronics.*
2. *The exhibition encouraged innovation and creativity through project development.*
3. *Students enhanced their presentation and communication skills.*
4. *The event promoted teamwork and problem-solving abilities.*
5. *Students gained awareness about real-world applications and emerging technologies in electronics.*

#### 9. Photos:

*Inauguration of the event by Dr. C. B. Patil, Ic. Principal and Dr. Shruti Joshi, IQAC Coordinator*

*Dr. Shruti Joshi addressed the attendees in line with the Artificial Intelligence (AI) in the present era*

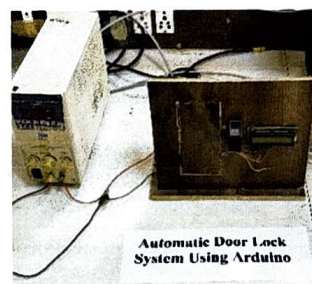

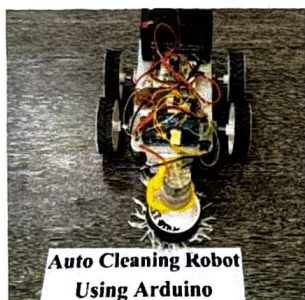

*Dr. C. B. Patil, Honorable Incharge Principal addressed the attendees*

*Participants explaining working principles of their projects to the visitor students and faculty members*

*Some Projects modules done by the Participants*

Sub: Permission to organize Electronics Project Exhibition...

Respected Sir,

Department of Senior Electronics going to organize "Electronics Project Exhibition" on Friday, 06/03/2026 at Electronics Department Lab (Room No. 406), Vivekanand College, Kolhapur (An Empowered Autonomous Institute). The objective of this exhibition is to apply theoretical knowledge in electronics in practical projects, Promoting creativity and innovation in electronics as well as to improve teamwork and communication skills among students.

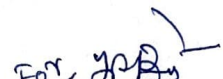

The lump sum expenditure for this exhibition would be around Rs.2000/- (Two thousand ~~hundred~~ rupees) as described below.

1) Certificates of Participants = 500/-

2) Breakfast

= 1500/-  
2000/-
