		<u>Report</u>		
		The batch of Students was mentored by me during 2024-25. (Academic year). It was indeed a huge task for me as a mentor to tackle such unexpected issues & Concerns but I tried my best to deal with each of these issues taking into consideration the problems faced by every individual student. I kept myself available to them as and when required to discuss their problems & concerns, provided important study material as per their requirements, which related to the syllabus. I recommended them to visit Online courses such as moocs course to further enhance their knowledge & skill in various subjects & discussed their problems relating to anxiety, depression & motivation & recommended them to read non-academic books to keep them engaged.
