		Report 2024-25		
		Mentoring of Students is an integral part of our educational system, it aims in providing guidance and Support. Mentor play a key role in the college as they help the mentees deal with academic difficulties faced by them thereby helping them complete their Credits in a smooth manner.		
		I have helped Students navigate the college admission process, providing them with information on application procedures, deadlines, and required documents.		
		I also helped guided Students through the admission process for the ladies hostel, ensuring they understand the requirement and complete the necessary paperwork.		
		I have assisted Students with their python practicals helping them understand programming concepts.		
		I have provided students with previous year question papers to help them prepare for their exams. This resource allows students to practice and understand exam format.		
		I have organized and facilitated various extracurricular activities to help students build their self-confidence.

		Mentoring scheme in college helps to acclimatise and feel more connected to the teachers. - Students receive full support which they need to be successful in academic years.		
		There were a group of students who were disabled to me for mentoring under Mentor-Mentee scheme of our college in this semester. I helped students navigate the college admission process, guided them for competitive examination, helped to solve their library issues. I have organised and facilitated them in various extracurricular activities to help students build their self-confidence.
