Quality Initiatives/ Activities Report

1. **Name of Department:** Microbiology (PG)
2. **Name of Organized Activity:** Study tour
3. **Date/ Duration:** 06/03/2024
4. **Aims and Objectives:**
 - To acquaint students with type of research work going on in Microbiology at University
 - To know applications and working of different instruments used in Microbiology research.
5. **No. of beneficiaries:** 17 (Male- 03; Female -14)

7. Brief description:

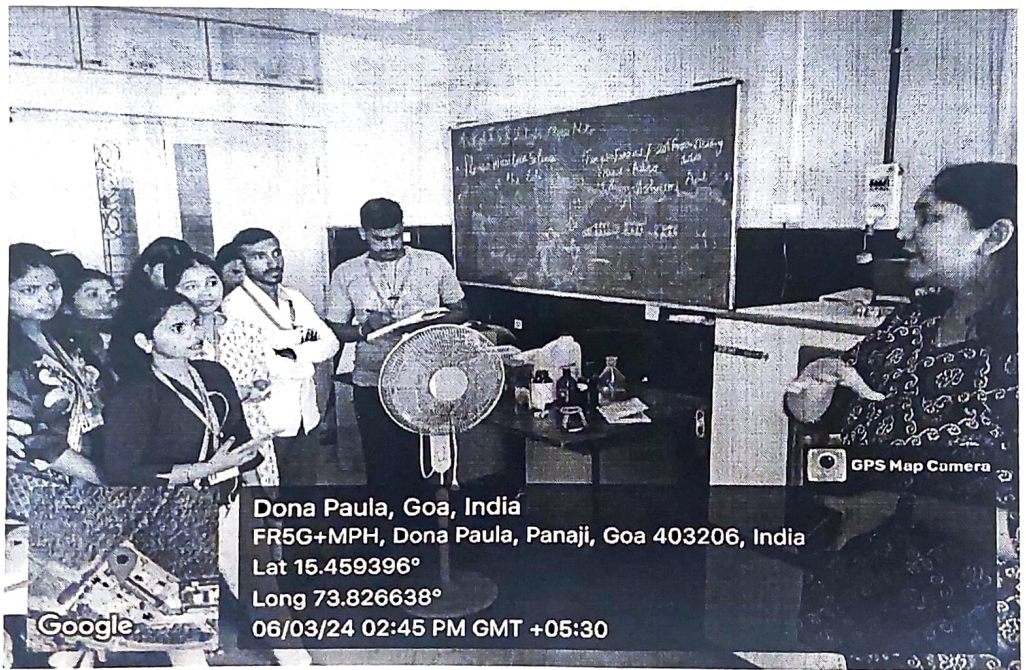

PG Department of Microbiology organized a study tour for M.Sc. part II students at “Goa University, Goa”. Three teachers Dr. S. D. Mali, Dr. K. K. Bhise and Mr. S. D. Gabale from the department accompanied the students on this study tour. During the tour, students visited the department of Microbiology of Goa University where students got knowledge about various types of researches going on in the department. Similarly, students saw various instruments used in the study of Life Science and got knowledge about principle, working, and applications of these instruments.

8. Outcomes:

- Students acknowledged with different research areas of Microbiology.
- Students got encouraged to do doctoral research after completion of post graduation.

Study Tour Report

M. Sc. II

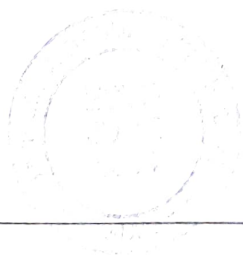

Date: 11/03/2024

The PG department of Microbiology arranged and permitted the study tour at the Goa University, Goa.

The date allowed according to permission was 6th and 7th March, 2024. From the department three teachers named Dr. S. D. Mali, Dr. K. K. Bhise and Mr. S. D. Gabale with total 17 students from M. Sc. part II visited the department of Microbiology at the Goa University. The route of study tour was fixed as Vivekanand College, Kolhapur to Goa University, Goa.

As per schedule of the study tour, we visited the Goa University at 2.30 pm on 6th March. We were welcomed by Dr. Lakshangy Charya, Head, Department of Microbiology. Ms. Abha Marathe gave information about working, and principle of various instruments such as microcentrifuge, fast minispin centrifuge, spectrophotometer, ice machine, nanograph spectrophotometer, laminar air flow, etc. used in the Microbiology laboratory. She also explained working of instruments used in biotechnology research like gel doc system, PCR machine, etc. She also gave information about research work done in Microbiology department. She explained her research work on the topic quorum sensing in bacteria.

Overall the visit at Goa University was a great experience for the students. Students got lot of knowledge about research areas in the subject and they got motivated to do doctoral research in the subject.
