	Students Mentoring Report 2022-23			
	<p>Students mentoring scheme is a very important initiative. Through this activity, the problems & difficulties of the students can be understood & they can be guided / counseled accordingly. While working as a mentor total 12 students from M.Sc. I Microbiology were guided. There were some difficulties of academic and psychological nature. These included issues like examination pattern, syllabus, job options, competitive exams in science, doctoral research studies and opportunities, personal issues etc. The students were guided accordingly. This activity helped to boost the morale of the students, improve their academic performance, confidence and clear their view regarding carrier opportunities.</p>
