### Students Mentoring Scheme Report (2024-25)

Mentoring scheme is very important scheme. Through this activity, problems and difficulties of the students can be understood. They can be guided/counseled accordingly. While working as a mentor total 03 student from B.Sc-I were guided by Dr. G. J. Navathe. There were some difficulties of academic and domestic as well from phycological in nature countered with students' interaction. They included issues of travelling difficulties, fee concession to the students, extra coaching from competitive exam, changing facilities to the girls' students, usability of the students from household issues, unhealthy foods in canteen, unviability of books in library as well as mental and physical health etc. The students were guided accordingly. Occasionally they were helped to solve the problems. This activity helped to boost the morale of the students, improve the academic confidence and clear their views regarding opportunities.
