Shivaji University Lead College Workshop
Skilling Political Science Graduates
Organized by
Department of Political Science
Date: 04.03.2024

The Department of Political Science organized Shivaji University Lead College Workshop under New College Cluster on Monday, 4 March, 2024 in the Library Hall Auditorium of the college.

Rationale: Political Science imparts not only subject specific attributes and skills to its students but also skills necessary for being good citizens and social subjects. These skills are varied in nature: from cognitive and analytical to behavioural and performative. Introduction to and imbibement of this range of skills is the objective of graduation in Political Science. The conventional structuring of the disciplines does not always allow for the experimentation and updating to change the courses and syllabi for deep modernization of the curricula. This workshop was a pilot to assess the place and scope of focussed introduction of essential skills in the subject to Political Science graduates.

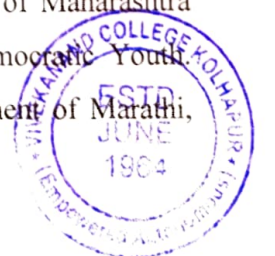

Objectives:

1. To introduce students to essential skills in Political Science.
2. To create enthusiasm for more skill-oriented teaching leaning in students.
3. To pave the way for modernization of curricula and pedagogy in the future by working as a pilot for skill-based curriculum.
4. To enrich the students in terms of their abilities and working skills.
5. To hone the skills of students as citizens.

Report:

With the above objectives in mind, the workshop was conducted in three sessions from 10:30 AM to 4:00 PM.
