### MEMORANDUM OF UNDERSTANDING

between

Department of Zoology, Vivekanand College Kolhapur (Empowered Autonomous)

and

Shreel-Surya Research Private Limited

This Memorandum of Understanding (MOU) is signed between the Department of Zoology, Vivekanand College Kolhapur (Empowered Autonomous), and Shreel-Surya Research Private Limited, Kolhapur, to promote industry and institute interaction for the mutual benefits of the two signing organizations.

## 1. PREAMBLE

Vivekanand College, Kolhapur, established in 1964, is known as one of the best-quality colleges in Maharashtra. The U.G.C. granted autonomy to this college from the academic year 2018-19. The college has an educational center devoted to the dissemination of "Education for Knowledge, Science, and Culture". The vision and mission statements of the college are clearly indicative of the objectives of the National Policy on Education, demanding that centres of higher education should perform multiple roles such as creating new knowledge, acquiring new capabilities, and producing an intelligent human resource pool through teaching, research, and extension activities. The college plans and executes its curricular, co-curricular, and extracurricular activities to translate the vision and mission statements into reality. The college is an esteemed educational institution specializing in the fields of Arts, Commerce, Science and aims to promote research and support start-ups to comply with NEP 2020. The Department of Zoology was started in 1964 and imparts teaching at the undergraduate level. The department helps to train students to respond to global challenges, particularly the needs of society, through education in the areas of biology, invertebrate, and vertebrate Zoology. The integrated teaching-learning process is the heart of the department. The department also contributes to society by organizing poultry management training, water treatment plant training, and industrial effluent treatment training.

Whereas Shreel-Surya Research Private Limited is a Private Company incorporated on 12 August 2022. It is classified as a Non-govt Company and is registered at the Registrar of Companies, Pune. It is involved in the Manufacture of other chemical products. Our team of experienced and dedicated professionals provides high-quality services that focus on developing and accelerating the success of our clients. We strive to create an environment that encourages creativity, innovation, and collaboration. With our expertise in the fields of technology, business, and education, we are committed to helping our clients reach their goals and maximize their potential.

## 2. OBJECTIVES

- ✚ Training and knowledge updating programs through faculty exchange.
- ✚ Industry-institute joint efforts to develop human resources.
- ✚ Extend invitations for attending seminars, national and international conferences.
- ✚ Opportunity for the faculty or person from the signing industry to work on specific projects or research activities.
- ✚ Assistance of industry experts in curriculum development.
- ✚ To acquaint students and faculties with job functions, current industrial practices, newest technologies, and practical methodologies.
- ✚ For the students' benefit, opportunities will be provided for Industry visits, Student internships, and placement whenever possible.
- ✚ To provide services related to mock interviews, personality development, and other related curriculum activities.
- ✚ Exchange knowledge, expertise, and technical information pertaining to biofertilizers and sustainable agricultural practices through seminars, workshops, on-job training programs, and other mutually agreed-upon activities.

- ✦ Provide suitable research facilities, laboratories, and equipment for conducting joint research projects.
- ✦ Promote awareness about the benefits of biofertilizers among farmers, students, and other relevant stakeholders through joint research programs, demonstrations, and information dissemination campaigns.

### 3. SCOPE OF COLLABORATION

The collaboration between Shreel-Surya Research Pvt.Ltd and the Zoology department may include, but is not limited to, the following activities. Sharing of research facilities, equipment, and infrastructure, subject to mutual agreements and availability. Jointly applying for research grants, scholarships, and funding opportunities to support collaborative projects and activities. Coordinating efforts to conduct field trials and experiments to evaluate the performance and effectiveness of biofertilizers in various agricultural settings. Collaborating on the publication of research papers, reports, and articles in scientific journals and other relevant publications, giving due credit to the participating researchers and institutions. Organizing and participating in conferences, symposiums, and other events related to biofertilizers and sustainable agriculture.

### 4. GENERAL TERMS OF THE MOU

- ✦ The MOU will come into effect from the date of signing of the MOU between the two parties and will be valid for the next three years (from 15th June 2024 to 31st May 2027) or closed with mutual consent between the two parties.
- ✦ The MOU can be terminated without any justification or reason through a letter by any of the two organizations without any financial liability or obligation for compensation for the termination.
- ✦ All the agreed activities will be conducted with mutual consent and understanding.
- ✦ All the documents and data emerging from the research activities carried out by the faculty or industry person will be the property of the two signing organizations.
