		Report (B.Sc. I - Zoology)		
		Mentor - Mentee		
	A student mentoring program is indeed a crucial initiative. It provides students with guidance, support and encouragement from experienced individuals, fostering their academic and personal development. These programs aim to help students achieve their goals, build confidence, and develop important skills for success. During the academic year 2024-25, I had eight student mentees offering a valuable opportunity for mentoring. My role regarding mentees of B.Sc. I, is that helping students navigate resources, understand expectations and build the confidence. After mentoring these B.Sc. I allotted mentees, I found that average growth is found related to confidence at stage level programme, participating in various activities including department level and college level, etc. As a result, students are happy and somewhat succeeded to achieving their goal like - academic, personal development, and their social responsibilities, etc.

		Report		
		Mentor - Mentee	20.10.22	
		This programme is initiated to provide academic personal & career guidance to students. During my tenure as a mentor, I had the privilege of assisting 05 students of B.Sc. III. These students faced various obstacles like economical issues, preparations for various exams like mpse, forest, paramedical sciences, IIT JAM, etc. I provided personal guidance regarding above issues. This undertaking played important role in nurturing students, self-esteem and enhancing their confidence for academic challenges.
