7.	Brief Discussion	Time management is the process of organizing and planning how to allocate your time between different tasks and activities. It allows you to work smarter, not harder, leading to greater productivity and reduced stress. Sir gave a brief description about time management and told everyone the importance of time management. The importance of time management is in its ability to assign meaning to time, letting people make the most of their time. In a business context, it is used to set goals and expectations for companies and their employees. Good time management skills help employees deliver quality work and meet their goals effectively. Time management also helps managers to understand what employees are capable of and to set realistic goals.								
8.	Outcomes	<ul style="list-style-type: none">NCC cadets inspired and motivated towards the joining defence forces.They clear their doubts about methods of time management
